

M613U

ULTRA-HIGH-OUTPUT LED SCOUT LIGHT

1000 LUMENS

1.25 HOURS

213 METERS

DESCRIPTION

The M613U Scout Light generates an impressive 1000 lumens from two 123A batteries. This small, rugged WeaponLight features SureFire's proprietary TIR lens, with a far-reaching, high-intensity beam with ample surround light. The rugged M613U attaches quickly and securely to any MIL-STD-1913 rail via its integral low-profile RM45 mount, which positions the light in the off-set position between the rails of a MIL-STD-1913 (Picatinny) forend, decreasing overall weapon profile and limiting potential snag factor. The light is activated by clicking its pushbutton tailcap switch or, for precision fingertip control without altering your grip on the weapon, by pressing its pressure-activated tape switch (both included). The SR07-D-IT dual remote switch simultaneously controls activation of the M613U and an ATPIAL or DBAL. Constructed of lightweight aerospace aluminum, with a Mil-Spec Hard Anodized finish, and O-ring sealed to keep out the elements, the tough M613U will endure combat-like conditions without any sacrifice in weapon maneuverability.

FEATURES

- Virtually indestructible ultra-high-output LED generates 1000 lumens of blinding light; produces tactical-level light for 1.25 hours on two 123A batteries
- TIR lens shapes versatile beam with enough reach and surround light for medium- to longer-range operations
- Hard Anodized aluminum body, tempered window & O-ring seals make light rugged and durable
- DS-SR07-D-IT waterproof switch assembly includes a system-disable feature, a click-on/off pushbutton switch, and an SR07-D-IT dual remote switch assembly that simultaneously controls activation of the M603V and an ATPIAL or DBAL.
- RM45 mount positions the light in the off-set position between the rails of a MIL-STD-1913 (Picatinny) forend, decreasing overall weapon profile and limiting potential snag factor

SPECIFICATIONS

| | M613U |
|----------------------|-----------------------------|
| COLOR | Black |
| OUTPUT | 1000 lumens |
| RUNTIME | 1.25 hours |
| PEAK BEAM INTENSITY | 11,300 candela |
| DISTANCE | 213 meters |
| CONSTRUCTION | Aluminum |
| FINISH | Mil-Spec Hard Anodized |
| WEIGHT [w/batteries] | 7.5 oz. (213 g) |
| LENGTH | 6.2 in (15.75 cm) |
| BEZEL DIAMETER | 1.125 in (2.9 cm) |
| BATTERIES | Two 123A lithium (incl.) |
| SWITCHING | Tape switch / click tailcap |

All performance claims tested to ANSI/NEMA FL1-2009 Standard.
