

SOCOM556-MG

SUREFIRE FAST-ATTACH® SOUND SUPPRESSOR

5.56MM

PRECISION MACHINED

FAST-ATTACH®

COMBAT PROVEN

HIGH TEMP ALLOY

DESCRIPTION

When your 5.56mm duty weapon is set to constantly fire 700-950 rounds per minute and you need it to operate with maximum reliability and minimal sound and flash, the SureFire SOCOM556-MG suppressor is the answer.

A more durable version of our US Special Operations Command (SOCOM) suppressor trial-winning SOCOM556-RC suppressor, the SOCOM556-MG is the same, only different. Its highly advanced baffle design delivers superior gas-flow dynamics that significantly reduce back pressure, cyclic rate and gas blowback on the shooter while effectively attenuating sound and significantly decreasing flash and dust signature to reduce detection. But the SOCOM556-MG is also precisely engineered for the task at hand, sturdily constructed of Inconel alloy and stainless steel with thicker, more robust baffles for extreme durability even in the most demanding combat conditions.

SureFire's patented Fast-Attach® mounting system ensures a consistently solid and precise fit; the SOCOM556-MG can be attached or removed in seconds without the use of tools. And like all SureFire suppressors, the SOCOM556-MG is test-fired to ensure minimal and consistent point of impact shift compared to the unsuppressed weapon, virtually eliminating the need to constantly re-zero the weapon. It's combat ready right out of the box.

Built for consistent performance and a long service life, every SureFire suppressor is proudly designed and manufactured in the USA.

FEATURES

- Beefed-up version of the US Special Operations Command suppressor trial-winning SOCOM556-RC; the SOCOM556-MG features the finest engineering and materials for unsurpassed performance and reliability
- Designed specifically for full-auto machine gun use, the SOCOM556-MG's thicker baffles increase reliability in the heat of combat
- Durable high-temperature Inconel alloy/stainless-steel construction, specifically designed and engineered for full-auto 5.56 mm rifles
- Cutting-edge internal venting reduces back pressure, cyclic rate and gas blowback to significantly decrease operating temperatures
- Tremendous sound, flash and dust signature reduction; virtually non-existent first-round flash reduces user detection
- Tight tolerances and precision bore concentricity result in superior accuracy; every SOCOM556-MG is test-fired to ensure minimal and consistent shift in point of impact compared to an unsuppressed weapon
- Patented, tool-less Fast-Attach® design allows quick, easy attachment and removal
- Innovative mounting adapters feature multiple bearing surfaces for tight mating with suppressor
- All SureFire SOCOM rifle and carbine suppressors are test fired to ensure no more than 1 MOA groups compared to that of the baseline unsuppressed rifle
- Sturdy construction; delivers long service life
- Proudly designed and manufactured in the USA

SPECIFICATIONS	
	SOCOM556-MG
BODY COLORS	
CALIBER	5.56 mm (.223 caliber)
CONSTRUCTION	High-Temp Alloy & Stainless Steel
COATING	Ionbond and Cerakote™ Finish
DIAMETER	1.5 in (3.8 cm)
LENGTH	6.9 in (17.5 cm)
ADDED TO WEAPON*	4.4 in (11.1 cm)
WEIGHT	23 oz (652 g)

*Actual length may vary, depending on which SureFire adapter is used
