

SOCOM556 RC

SUREFIRE FAST-ATTACH® SOUND SUPPRESSOR

5.56MM

PRECISION MACHINED

FAST-ATTACH®

COMBAT PROVEN

STAY ON TARGET

HIGH-TEMP ALLOY

DESCRIPTION

The SureFire SOCOM556-RC Fast-Attach® suppressor is the most advanced 5.56 mm rifle suppressor ever made. Compact and lightweight, this suppressor was selected for use on the Mk18 and M4 by U.S. Special Operations Command after placing first among all competitors in the most extensive, most rigorous suppressor evaluation in history. This test covered all aspects of suppressor performance, and SureFire beat every other entry. It has also received the USSOCOM official safety verification in support of fielding. Constructed of advanced high-temperature alloys and stainless steel, the SOCOM556-RC features advanced internal venting to reduce back pressure, reducing the suppressed cyclic rate and gas blowback on the operator. The new design also includes an integrated blast shield in the back section that increases durability. The patent-pending front-plate design, along with proprietary improvement in gas-flow dynamics, nearly eliminates first-round flash, a true technological breakthrough in this area. It also attenuates noise and dust signatures to an unprecedented degree. A redesigned indexing system means the suppressor securely mounts to a SureFire muzzle brake or flash hider and is easier to remove after extended firing because the index tab is in a low carbon-buildup area. Like all SureFire Fast-Attach models, the SOCOM556-RC produces minimal, consistent shift in point of impact compared with the unsuppressed weapon and is durable enough for fulltime use.

FEATURES

- Winner of US Special Operations Command (USSOCOM) extensive and rigorous suppressor trials
- USSOCOM official safety verification in support of fielding
- Advanced internal venting to reduce back pressure, cyclic rate, and gas blowback
- Integrated blast shield increases durability
- Patent-pending front-plate design and proprietary gas-flow improvements virtually eliminate first-round flash
- Effective attenuation of noise and dust signatures
- Patented Fast-Attach® design attaches and removes in seconds
- Minimal and consistent point-of-impact shift
- Lightweight and compact for minimal impact on weapon handling characteristics
- Constructed of advanced high-temperature alloys and stainless steel

Mk18, SureFire Mag5-60 and M300A Mini Scout Light®, Dueck Defense RTS sights, Aimpoint T-1 in LaRue mount.

| SOCOM556-RC | |
|-------------------------|-----------------------------------|
| BODY COLORS | |
| CALIBER | 5.56 mm (.223 caliber) |
| CONSTRUCTION | High-Temp Alloy & Stainless Steel |
| COATING | Ionbond and Cerakote™ Finish |
| DIAMETER | 1.5 in (3.8 cm) |
| LENGTH | 6.2 in (15.7 cm) |
| ADDED TO WEAPON* | 4.0 in (10.2 cm) |
| WEIGHT | 17.0 oz (482 g) |

*Actual length may vary, depending on which SureFire adapter is used
