

# WARCOMP

SUREFIRE PORTED FLASH HIDER

MULTI

PRECISION MACHINED

FAST-ATTACH™

STAY ON TARGET

HEAT TREATED STAINLESS STEEL

## DESCRIPTION

The revolutionary SureFire WARCOMP™ is the world's most shoot-able flash hider. This device significantly reduces both muzzle flash and muzzle rise, helping to conceal your location, preserve dark-adapted vision, and help keep you on target for faster follow-up shots. The SureFire WARCOMP effectively eliminates 98% of all muzzle flash, even on short-barreled rifles. Precision-machined from heat-treated U.S. mill-certified stainless steel bar stock allows for extreme durability and corrosion resistance. All WARCOMP flash hidere are DLC coated for wear resistance and ease of maintenance. Installation requires no permanent modifications to the weapon system. When used in conjunction with a SureFire SOCOM Series Fast-Attach® suppressor, the WARCOMP provides multiple bearing surfaces to ensure superior suppressor alignment.

## FEATURES

- World's most shoot-able Flash Hider
- Provides approximately 98% reduction in muzzle flash compared to a bare muzzle, which helps to conceal the shooter's location and preserve dark-adapted vision
- Reduction in muzzle rise allows for faster follow-up shots
- Port direction may be timed to optimize for right hand, left hand or neutral positioning
- Serves as a mounting adapter for SureFire SOCOM and SOCOM2 Series Fast-Attach suppressors
