

WARCOMP-556-CTN-1/2-28

SUREFIRE SUPPRESSOR ADAPTER - WARCOMP FOR SOCOM SERIES SUPPRESSORS

5.56 MM

PRECISION MACHINED

FAST-ATTACH®

STAY ON TARGET

HEAT TREATED STAINLESS STEEL

DESCRIPTION

The SureFire WARCOMP-556-CTN offers substantial flash reduction and improved marksmanship for customers who prefer a closed-tine adapter on their 5.56 mm weapon. Engineered by the same team that developed SureFire's WARCOMP and SF3P flash hiders, the WARCOMP-556-CTN features CNC-machined neutral porting to combat muzzle rise and help the shooter stay on target for faster follow-up shots. Compared to open tine adapters, the WARCOMP-556-CTN mimics the traditional birdcage flash hider while still providing a rock-solid mounting option for SOCOM Series Fast-Attach® suppressors. Wrench flats machined into the sides of the adapter aid in installation. The CTN provides SureFire performance and reliability in a closed-tine configuration.

FEATURES

- Provides reduction in muzzle flash compared to a plain muzzle, which helps to conceal the shooter's location and preserve dark-adapted vision.
- Aids in reduction of muzzle rise allowing shooter to stay on target for faster follow-up shots.
- Serves as a rock-solid mounting adapter for all SureFire SOCOM
- Series Fast-Attach® suppressors.

SUREFIRE ADAPTERS

5.56mm

Flash Hider:
WARCOMP-556-CTN-1/2-28

SPECS		WARCOMP-556-CTN-1/2-28
FINISH		DLC Coating
MATERIAL		Heat Treated Stainless Steel
